About Aqualia

Headquartered in Newtownards, Aqualia are a dedicated team of bathroom brassware specialists pooling many years of experience to service customers throughout Ireland and the UK.

By specialising in a niche market, not only are we able to offer our customers the very best in product choice, quality and value; with Aqualia, you receive a 'local' service from start to finish; from design, marketing and logistics, to sales, customer service and support.

That's why customer satisfaction is at the forefront of everything that we do, and why we're so proud of the service we offer.

A More Sustainable Choice

FROM ECO-FRIENDLY PROCESSES TO CERTIFIED WATER-EFFICIENT PRODUCTS, WE'RE DEDICATED TO A GREENER, MORE RESPONSIBLE FUTURE.

Doing our part

Aqualla is dedicated to sustainability, offering water-efficient products that are rated and certified by the Unified Water Label Association. Our taps and showers are designed to use less water without compromising functionality.

Sustainability is a core value for us as we drive a transformative journey in 2025 and beyond. Join us in preserving resources for a more sustainable future, one tap at a time.

EcoVadis

In 2025, our parent group received a bronze ranking from EcoVadis, placing us among the top 35 percent of all companies assessed by EcoVadis globally over the past 12 months.

In an age where sustainability and responsible business practices are becoming increasingly essential, EcoVadis is a leading platform that evaluates companies' sustainability practices. By analysing the companies' performance in areas such as environment, working conditions, ethics and sustainable procurement, EcoVadis provides an objective and comprehensive view of our and others' sustainability efforts.

To demonstrate our commitment to our customers, we offer an 18 year warranty on all of our taps, showers and accessories, and a 5 year warranty on all of our towel warmers, radiators, mirrors, cisterns and flush plates.

This brochure is designed to give you an overview of our product portfolio, and we have included a water drop beside each tap and shower product, indicating the minimum working pressure required.

For Example:

- 0.5 0.5 bar is equal to 5 metres
- 1.0 1.0 bar is equal to 10 metres
- 2.0 2.0 bar is equal to 20 metres

That's why with the Your Choice range, you design your own shower package; exactly how you want it.

Simply follow the steps below:

STEP ONE

- Select your valve style
- Choose 1, 2 or 3 outlets depending on how many water functions there are

STEP TWO
