BRASSWARE

PAGE 80

A SOMERSET ORIGINAL

Over the last three decades, VADO has been shaped by the landscape that surrounds us and the values that define us. Our journey began in Cheddar, Somerset, in 1988, with brassware which proudly remains our benchmark of excellence today. Engineered in Britain with industry-leading components, every VADO product is designed to optimise water efficiency, elevate performance and meet the highest standard of water quality and safety.

From taps and showers to furniture, sanitaryware, mirrors, and accessories, our product portfolio now spans across the whole bathroom. Each piece is testament to the dedication of our people; expert design and engineering, sales specialists and exceptional customer service teams, who are here to guide you from first specification to final installation.

As part of the Norcros Group, we stand alongside market-leading brands who are united by a commitment to responsible innovation. Together we combine our collective expertise to create design-led, sustainable bathroom products that enhance the way people live in and enjoy their spaces.

Even if you have not heard of our name, you will have used our products, as VADO lives in some of the most prestigious buildings in the world. We think your home deserves the same.

Proud of what we make. Prouder of who makes it. Great Place to Work certified.

Scan to find out more!

Water spent millions of years sculpting Cheddar Gorge into one of the most beautiful places in the UK. To have made our home beside it is a privilege we don't take lightly. Every fitting we make is our attempt to give water the welcome it deserves.

From taps and showers, to basins, vanities and toilets, these are essentials you live with everyday. Make them a choice, make them yours.

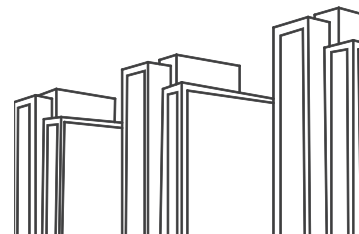

Each collection works beautifully alone yet effortlessly together. Choose a statement piece, or build a complete bathroom; how you combine them is entirely up to you. If it feels right, it will look right.

We test rigorously, specify the best European components, and back it all with guarantees of up to 15 years*. The part we're most proud of is the people on the end of the phone, our UK-based expert customer support and aftersales teams who know our products inside out, and they're only a phone call away.

Every VADO fitting is WRAS-accredited as standard, meeting the highest UK criteria for water quality and safety.

MORE PRESSURE, LESS IMPACT

We've achieved PAS 2026 Carbon Neutrality certification, and we're not stopping there. Working with the Carbon Trust, we're en route to Net Zero; with water-saving technology as standard, FSC-certified materials, renewable energy in our manufacturing and recyclable packaging. Meaning the pressure stays in the shower, not on your conscience.

SPACES DESIGNED WITH VADO

You'll find VADO in some of the most celebrated spaces in the world: the Shard, the Burj Khalifa, Silverstone, the Four Seasons Hong Kong, and plenty more. Whether you're specifying for a flagship hotel or a family bathroom, the same engineering and attention to detail comes as standard. No iconic skyline required.

INTERNATIONALLY
RECOGNISED

 **The Gherkin,**

PROUD TO BELONG TO **SOMETHING BIGGER**

VADO is proud to be part of the Norcros Group, a family of market-leading brands shaping the future of bathroom design. Alongside brands like Grant Westfield and MERLYN, we deliver a complete bathroom solution that combines style, quality, and innovation.

As part of the Norcros group, we are **united in our commitment to responsible innovation and better living**. Together, our brands create **design-led, sustainable products** that enhance the way people live, work, and enjoy their spaces. By harnessing our collective expertise, we deliver beautifully crafted solutions that inspire modern living while driving a more sustainable future.

In Partnership With:

GRANT WESTFIELD

MERLYN™

"Living our purpose means contributing to a more sustainable future for the communities that we live and work in, every day, to help build a better tomorrow."

Thomas Willcocks
Norcross Chief Executive Officer

THE BRASS IS **GREENER**

Expertly engineered to conserve water and minimise consumption, our innovative solutions protect precious natural resources, reduce utility bills and pave the way for a greener, more sustainable future. VADO products are designed with water-saving technology that works behind the scenes. You don't have to think about it, adjust to it, or even notice it. High pressure, low impact.

H₂ECO®

Water smart brassware featuring flow regulating aerators as standard, providing immediate savings on your water and energy bills without compromising performance.

**HONEYCOMB
AIR AERATOR**

***COLD START**

Offer energy saving benefits by activating hot water only when it's needed. A simple yet effective way to lower your household energy consumption, one conscious choice at a time.

We're on our way to Net Zero with the Carbon Trust, following a committed roadmap supported by ISO 14001-certified environmental management processes. By continually increasing our use of renewable energy in manufacturing, and with 100% recyclable packaging, we're ensuring our products are made and managed responsibly.

GOOD WOOD

FSC-certified and responsibly sourced, our Safari range is made from wood that supports carefully managed forests.

DROP THE WASTE

Advanced flow regulation is built into our products as standard, so every tap uses less water straight out the box without compromising on performance.

PLAY IT COOL*

Until you turn the handle towards 'hot', cold water flows and your boiler stays off. Simple as that.

Technology that activates water only when needed. Preventing unnecessary flow, and lowering energy use to deliver a smarter, more efficient way to use water every day.

VADO & MERLYN

Colour-matching finishes across brands can be difficult, often you'll discover a near-perfect match, but the unique character of each finish creates a subtle difference.

VADO brassware and MERLYN enclosures are designed with each other in mind. Whether you are coordinating with chrome or mixing your metals, putting them together makes perfect sense.

When you choose a MERLYN shower enclosure, you're choosing a brand that's trusted enough to back every enclosure with a lifetime guarantee. Whatever your configuration calls for, MERLYN has a solution, from a screen to stop splashes from an over-bath shower, or a full, frameless wet room installation.

It doesn't matter who starts it, we've both got the finish.

LUXURY YOU
CAN FEEL,
DESIGN YOU
CAN SEE.

PARTNERSHIP WITH **THE HYGIENE BANK**

We work in partnership with The Hygiene Bank, a UK charity with the core mission to end hygiene poverty in the UK. The Hygiene Bank believe that everyone deserves to feel clean, confident, and cared for. Yet for many, everyday essentials like soap, shampoo, or toothpaste are out of reach.

Through their network, The Hygiene Bank collects and distributes hygiene products to those who need them most, making a real difference in local communities.

For us, the partnership feels especially meaningful. Working in bathrooms, we know the importance of everyday care and wellbeing and we're proud to support a cause that helps restore confidence and dignity through something so simple, yet so vital.

collection

BASIN BENEFITS

- Precision-engineered to align perfectly across our vanity ranges.
- Available in **streamlined inset designs and striking countertop options**, letting you create a minimalist look or a bold, design-led statement.

STYLE MEETS
PRACTICALITY

Our bespoke handles are colour-matched to complement all VADO brassware finishes, giving you a completely cohesive, uncompromised look from tap to vanity.

BRASSWARE BRILLIANCE

BRASS CONSTRUCTION

- Crafted from **solid brass across our entire range**, giving every tap, mixer and shower valve a robust, high-end feel.
- Designed with **industry-leading componentry** to ensure reliable, flawless performance.

WATER SAVING TECHNOLOGY

- Engineered to intelligently **manage water consumption and lower your bills**, without losing that satisfying, high-pressure experience.
- **Integrated aerators come as standard** to keep the stream smooth, efficient, and splash-free.

Our built-in aerators cleverly manage flow and reduce water consumption, delivering a strong, satisfying experience that's kinder to the planet.

All our finishes are subjected to 200 salt spray and abrasion tests to ensure they will look good for years to come

collection

THERMOSTATIC SAFETY

- **Advanced thermostatic technology locks in your chosen water temperature** instantly reacting immediately to changes in home water pressure.
- Actively prevents sudden freezing drops or dangerous scalding spikes, making it the ideal, reassuring choice for busy families.

ENGINEERED FOR
EVERYDAY USE

Wall, floor or deck-mounted. Lever or leverless. Whatever your style, our brassware collections have the solution, complemented by a curated palette of polished, brushed and matte finishes.

FINISHING TOUCHES

6
year guarantee

10
year guarantee

15

BATHROOM

BEST MODERN
BATHROOM RANGE

SPACES DESIGNED FOR **SELF-CARE**

SOFT CONTRAST

There's a subtle confidence to a soft contrast aesthetic; where clean architectural lines meet quiet organic tones, and every detail feels both deliberate and effortless. It's a space shaped by simplicity and light, where sculpted form quietly leads and tactile texture speaks for itself.

Three Hole Deck Mounted
Basin Mixer

SAF-201-PEW
€355

Universal Basin Waste

WG-395-PEW

1000mm Mineral Cast
Double Basin

SAF-BM10-GW
€505

Safari products continue on page 58

Soft whites and pale hues echo sea and sky, while warm woods and brushed finishes add an earthy contrast.

Pewter brassware introduces a cool, architectural edge, grounding the palette and adding definition without disrupting the calm.

CAMEO®

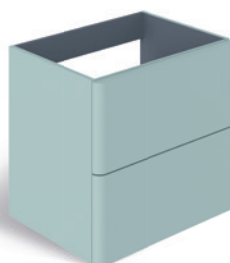

COASTAL PALETTE

Coastal bathroom styling captures the essence of a seaside retreat, using a colour palette of whites, greys, blues, and sandy tones paired with wooden elements for warmth. Nautical inspired decorative touches can enhance this subtle coastal and serene design scheme.

Leverless Mono
Basin Mixer

CAM-100/SB-MW
€250

600mm Vanity Unit

CAM-F600-CB
€650

Round Button Flush Plate

WG-195-R0-MW
€110

Cameo products continue on page 68

Our cove blue vanity and colour matched basins bring a bold and refreshing statement to this coastal palette, pairing perfectly with the matt white brassware for a balanced look.

Strategically placed mirrors are great for reflecting light, helping to create a bright and airy atmosphere.

GROOVE

STRUCTURED STYLE

Natural wood tones, subtle stone textures and sculptural forms come together to create a space that feels connected to its surroundings. Every element has a purpose, from integrated storage to carefully considered lighting, resulting in a bathroom that feels uncluttered, welcoming and timeless.

800mm Vanity Unit
Wall Hung

800mm

GRV-M8I-FLS-SQ
€475

Groove products continue on page 54

The clean, vertical lines of the slatted vanity add instant architectural structure and rich texture.

Choosing a wall-hung vanity keeps the floor completely clear, maximising the room's flow and helping to create an open, airy feel.

LUXURIOUS HOME BATHING EXPERIENCES

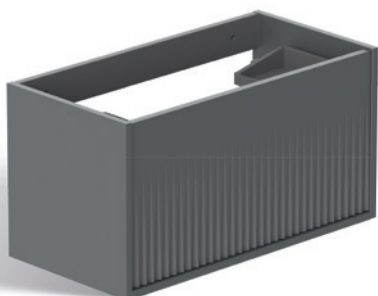

Safari®

CLASSICAL MODERN

With high ceilings and space to breathe, this classical modern bathroom brings openness and comfort together. Natural light pours in, highlighting clean surfaces and practical layouts that support busy mornings and slow evenings. Subtle fluted textures and warm satin brass finishes bring soft detail, while wall-mounted vanities keep the space feeling open.

800mm Fluted Vanity Unit
Wall Hung

CREATE
YOUR
DREAM
BATHROOM

PLAN YOUR BATHROOM...

Create your vanity in 3D

IN 4 EASY STEPS!

CHOOSE YOUR VANITY & BASIN

STEP ONE

- Choose from our range of vanity units, available in sizes from 380–1200 mm to suit your space.
- Once you've picked the size, it's time to choose your style and colour.
- Next, decide between an inset basin or a countertop bowl in your preferred finish.
- Finish the look by selecting a handle style from our wide range of options.

Groove pg 56 | Safari pg 62 | Cameo pg 72

WHICH TAP ARE YOU?

STEP TWO

- Choose from **leverless and levered** tap handles, plus **wall or deck-mounted** designs.
- Wall mounted and extended basin mixers are the perfect pairing with one of our countertop bowls.
- Select your preferred tap style and then choose from one of our many statement finishes.

Safari pg 82 | Cameo pg 108 | Individual pg 126

*Please note: Brassware items can be interchanged between collections. However, furniture pieces are designed to be used exclusively within their own collection.

TOP TIP FOR THE COMPLETE BATHROOM ...

Head over to
MERLYN® for
colour matched
shower screens!

www.merlynshowering.com

BATH OR SHOWER?

STEP **THREE**

- From the flexibility of a slide rail or the luxury of an overhead shower, there's an option to suit every bathroom style.
- Choose from deck or wall-mounted bath shower mixers, or go for a concealed valve with a bath spout or a discreet bath filler waste, giving you plenty of ways to create your perfect setup.

Safari pg 82 | Cameo pg 108 | Individual pg 126

FINISHING TOUCHES

STEP **FOUR**

- Complete your bathroom with our illuminated demister mirrors, available with frames to match your brassware or sleek frameless designs.
- Need a stylish way to store your bathroom essentials? Our accessory collections have you covered.
- Choose from wall or floor-mounted WCs, available with soft-square designs and colour-matched flush plates.

Safari pg 82 | Cameo pg 108 | Individual pg 126
Mirrors pg 78 | WCs pg 178

GROOVE

NEW

II Minimalist by design, elevated by detail. II

Worktops designed in perfect harmony with
our furniture units and colour matched
countertop basins for a flawless finish.

CAMEO®

With a wide choice of sizes, finishes and basin options, Cameo furniture gives you everything you need. The soft-square design echoes throughout the whole range, tying vanities, storage and basins together for a clean, consistent look. From Cove Blue to Warm Walnut, every detail is designed to work as one so your bathroom feels considered, practical and built to last.

- Soft-square aesthetic across vanities, basins, and tall storage units, creating a complete and cohesive finish.
- Available in five sizes: 400, 500, 600, 800 and 1200mm.
- Eight colour options.
- Coordinating support legs and multiple basin configurations such as inset or countertop bowls.
- Colour-matched basins and countertop bowls.

MIRRORS & LIGHTING

Bathroom mirrors are more than reflections; they're design statements. Our illuminated LED mirrors blend modern design with a touch of softness. The gentle shapes, coupled with built-in demisters and adjustable lighting, create a harmonious and contemporary ambiance.

Safari™

INSPIRED BY NATURE,
CURATED BY **YOU**.

Brassware designed to combine mindful design with everyday performance. With smart, water-saving features and intuitive details, Safari helps you make more sustainable choices without changing how you use your bathroom. Whether you prefer the simplicity of smooth, minimal forms or the expressive feel of fluted finishes, it's all about creating a space that works beautifully and feels uniquely yours.

- Choice of sleek minimalist or tactile fluted designs, available in four finishes to perfectly match coordinating furniture.
- Smart water-saving performance with Cold Start Technology, reducing energy use without compromising flow.
- Safari taps and showers are WRAS approved, meeting the highest standards in water quality.
- Smooth, effortless lever control with durable, precision engineering built for long-term reliability.

BATHROOM

BEST MODERN
BATHROOM RANGE

Eco-conscious design is at the heart of the Safari collection. All shower heads and handsets are flow-regulated as standard at 9L/min and 6L/min.

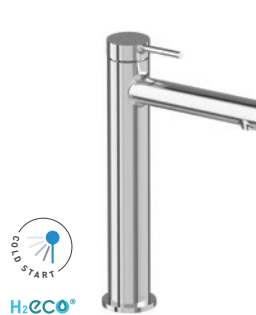

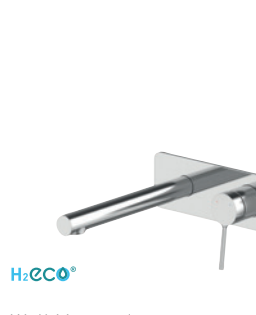

Turn your wall into a standout feature with a built-in niche, keeping your daily essentials neatly stored and always to hand.

01

The Safari floor-standing bath shower mixer with its graceful swan neck spout is the perfect companion to a freestanding bath, offering a sculptural focal point that blends elegance with everyday functionality.

CAMEO®

With its distinctive soft-square styling echoed across taps, basins, mirrors and accessories, the Cameo collection creates a considered look that feels both modern and timeless. Available in four contemporary finishes and built with durability in mind, Cameo offers a practical, affordable way to achieve a bathroom that looks just as good years down the line as it does on day one.

- Signature soft-square profiling echoed across all taps, showers and accessories.
- Available in both traditional levered and modern leverless configurations to suit your personal design preferences.
- High-performance thermostatic shower and bath mixers engineered to maintain a safe, perfectly consistent water temperature.
- Offered in four contemporary finishes.
- Cameo taps and showers are WRAS approved, meeting the highest standards in quater quality.

INDIVIDUAL

by VADO

Distinct in character and striking in design, Individual by VADO gives you the freedom to create a bathroom that truly reflects your style. With five signature PVD brassware finishes and a choice of collections to transform the ordinary into the extraordinary. Individual is the perfect finishing touch for contemporary bathrooms designed to stand the test of time.

- High-impact, striking design statements spread across six unique collections (Knurled Accents, Omika Noir, Notion, Edit, Elements, and Zone).
- Five premium PVD brushed finishes for a contemporary, long-lasting look.
- Everything from wall-mounted mixers and matching wastes to luxury hardware accessories.

01

Elements Wall Mounted Basin Mixer
IND-ELW109FLA-BRG | €590.00

02

Round Bottle Basin Waste Trap
IND-461/RO-BRG | €155.00

03

Shama Towel Rail

VADO

At VADO, we believe in turning the ordinary into the extraordinary. Our products are beautifully designed for those looking to make a statement with their brassware and expertly engineered to keep up with the demands of modern bathroom living.

- We have a collection to suit all tastes; from traditional choices right through to contemporary, with a range of finishes inspired by trends, but always remaining timeless in design.
- We know how important it is to find products that not only look great but that stand the test of time in the busiest of bathrooms.
- When you select a VADO product you can be reassured that you are getting the best of British design with exceptional quality from the faultless exterior finishing to the hidden componentry inside.
- Our products are expertly designed and developed by our in-house Engineering team, progressing each item through a comprehensive 14 stage process to ensure outstanding performance and longevity.
- We are so confident in the quality of our products; we offer a 15-year guarantee for total peace of mind.

SHOWERING PACKAGES

We know there is a lot of choice when selecting a shower, so we have simplified the process for you. A selection of easy to order showering packages, combining our favourite product combinations under one, easy to order code. **Find your ideal shower solution over the next few pages.**

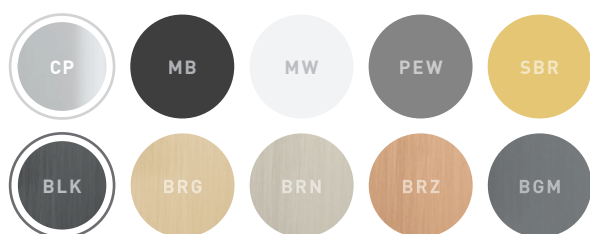

STEP INTO
SHOWERING
PERFECTION

SHOWERING PACKAGES NEW

Choosing a shower can feel overwhelming, so we've done the hard work for you. Our packages combine everything you need, thermostatic valves, showerheads, and handsets into one single, easy-to-order code.

Available In

- Chrome
- Matt Black
- Matt White
- Pewter
- Satin Brass

PVD

Available In

- Brushed Black
- Brushed Gold
- Brushed Nickel
- Brushed Bronze
- Brushed Gunmetal

Simply choose the valve that works for you:

01

CONCEALED SHOWERING

Built into the wall for a sleek, modern look that keeps your space completely clutter-free.

02

DECK MOUNTED

Fixes directly onto the edge of your bath, making a combined bath-and-shower totally effortless.

03

EXPOSED SHOWERING

Sits neatly on the surface of the wall, offering a classic style that is quick and easy to install.

Axcès by VADO offers affordable bathroom and kitchen brassware designed for everyday performance. Combining practical features, durable materials and contemporary styling, the range delivers reliable solutions and excellent value across the bathroom.

- From taps and showers to accessories, the range provides everything needed to complete your customer's project.
- Many Axcès by VADO taps feature water-saving technology, helping to reduce water consumption while maintaining performance, even at lower pressures.
- All products are backed by a 10-year guarantee for added peace of mind.
- Manufactured from high-quality brass with a durable chrome finish.
- Selected showering products feature thermostatic cartridges and have been lifecycle tested to 50,000 cycles, ensuring reliable performance in busy households.

BOOTH & Co.

ENGLAND

Booth & Co has a desire to develop and manufacture the best in traditional brassware, combining time-honoured British craftsmanship with outstanding product performance, all supported by exceptional customer care.

- The Axbridge collection is available in three lustrous colours; bright nickel, chrome and brushed brass, each featuring unique ceramic accents with a choice of cross and lever handles.
- The perfect choice to complement traditional and contemporary interiors.
- Reflecting decades of superior British design and engineering, each Booth & Co. product is as time-honoured on the outside as it is pioneering within. Our exacting production and strict quality control procedures guarantee complete peace of mind when it comes to product performance both inside and out

JARGON BUSTER

Whether you're a seasoned renovator or a first-time homeowner, our handy jargon-buster breaks down the terminology you'll encounter, helping you to make confident decisions for your bathroom.

KNOW YOUR
TERMINOLOGY

PLUMBING AND WATER PRESSURE

Flow Rate The volume of water that flows through a fixture, measured in litres per minute (LPM).

Thermostatic Mixer A shower or tap that maintains a stable and consistent water temperature, avoiding fluctuations that may cause burns or scalding.

FIXTURES AND FINISH TERMS

Bottle Trap Plumbing fittings designed to prevent odours by trapping water in a curved pipe under the sink or toilet.

Basin Waste The plug mechanism for draining water from a sink, often available as slotted or unslotted depending on basin design.

ELECTRICAL TERMS

IP Rating Ingress Protection rating. The two-number rating indicates the protection level of electrical fixtures (e.g. against dust and water). Higher numbers mean more protection.

Zone 1
Zone 2 Refers to the safety zones in a bathroom where electrical fittings are controlled and regulated.

INSTALLATION AND DESIGN TERMS

First Fix / Second Fix	Refers to different stages of installation. First fix is the initial plumbing work (pipes and framework), while second fix involves fitting the visible fixtures (taps, showers, toilets).
Wet Room	A fully waterproofed bathroom where the shower is open and drains directly into the floor.
Cistern	The tank behind a toilet that holds water for flushing.
Wall Hung	Sinks, toilets, or furniture that are mounted on the wall, giving a floating appearance and saving space.
Freestanding Bath	A bath that is not attached to walls or surroundings, providing a more luxurious and flexible design choice.

GENERAL DESIGN TERMS

Water Saving Technology	Features such as flow regulators and aerators designed to reduce water consumption without sacrificing performance.
Dual Flush	A toilet flush system that provides two flush options: a water-saving full flush and a half flush, helping conserve water.

GENERAL TAP TERMS

Mixer Taps	Combine hot and cold water through a single spout, allowing you to control the temperature easily.
Pillar Taps	Traditional taps with separate hot and cold spouts, each tap controls either hot or cold water individually.
Wall Mounted Taps	Taps that are fixed to the wall rather than the basin or bath.
Freestanding Taps	Tall, floor-mounted taps, often paired with freestanding baths.
Monobloc Taps	A single-unit tap with one handle or lever controlling both water temperature and flow.
Three Hole Taps	Consist of three separate pieces: two handles for hot and cold and a central spout.
Deck Mounted Taps	Fitted directly onto the bath or basin.
Sensor Taps	Taps that use motion sensors to activate water flow, often found in public restrooms but also suitable for home use.
Clic-Clac / Pop-Up	A built-in mechanism to open or close the plug to control water flow in the basin or bath. A modern alternative to the traditional plug and chain.

PLUMBING IDENTIFICATION

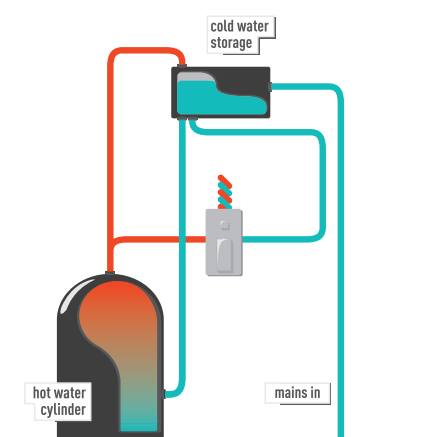

Before you spend money on your bathroom products it's essential to identify the plumbing system in your home. This will help you choose a shower product that ensures optimal water flow and the best overall experience.

Simply contact your local plumber, who can easily check your system and confirm your water pressure for you or use our handy system identification guide.

Scan to view our water saving tips!

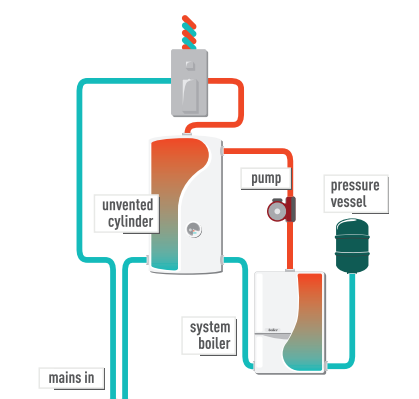

THE RIGHT SHOWER FOR YOUR SYSTEM

GRAVITY **LP**

0.2 - 0.5 bar

You will typically find a hot water cylinder in the airing cupboard and a cold water tank in the loft. If you are running this system, without a Pump, you can choose any shower with the **LP** symbol.

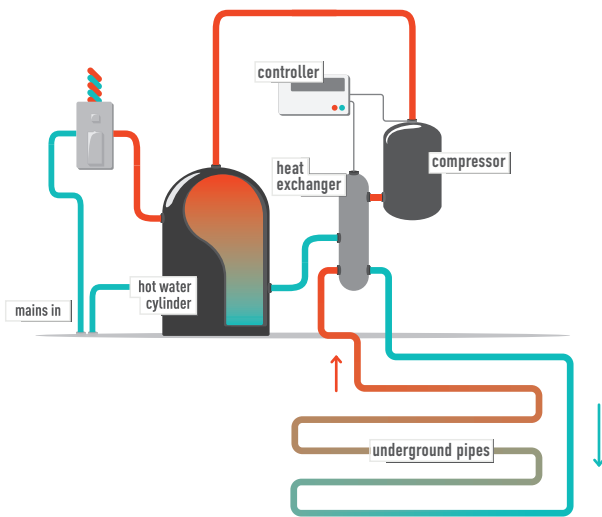

COMBI **MP**

1.0 - 1.5 bar

Combination boilers, usually located in the kitchen, instantly heat mains fed cold water and do not require storage tanks.

For this system, you can choose any shower with the **MP** or **LP** symbols.

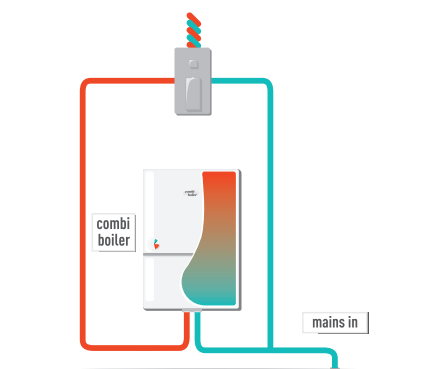

GROUND SOURCE HEAT PUMP **MP**

1.0 - 1.5 bar

Ground source heat pumps extract heat from the ground to provide low-carbon heating and hot water. Offering lower running costs and reduced carbon emissions compared to traditional boiler systems.

For this system, you can choose any shower with the **MP** or **LP** symbols.

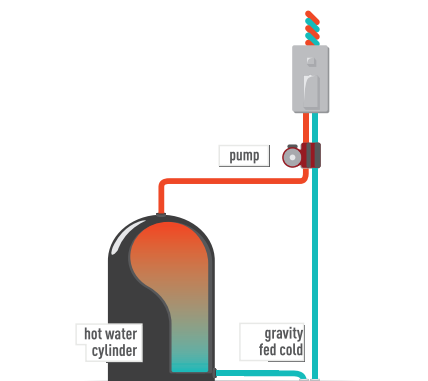

PRESSURISED **HP**

3.0 bar

If your system is an unvented cylinder, a hot water cylinder will usually be in the airing cupboard with a pressure vessel on top.

For this system, you can choose any shower with the **HP**, **MP** or **LP** symbols.

PUMPED **HP**

3.0 bar

For this system, a booster pump will draw water from a hot water cylinder in the airing cupboard and a cold water tank in the loft. For gravity fed systems the booster pump will enhance water pressure.

For this system, you can choose any shower with the **HP**, **MP** or **LP** symbol.
